ABOUT ME

A passionate BTech Cybersecurity student eager to explore ethical hacking , penetration testing, and bug bounty hunting. I enjoy building hands-on projects, participating in CTFs, and constantly learning new tools and techniques in cybersecurity.

EXPERIENCE

CTF Participant — TryHackMe, Hack The Box

2025 – Present

- Solved real-world challenges in web exploitation, privilege escalation, and network attacks
- Practiced with tools like Nmap, Burp Suite, Wireshark, Metasploit.
- Actively progressing through cybersecurity learning paths and completing various rooms on TryHackMe and Hack The Box to strengthen practical skills

Virtual Internships

2025 – Present

- TCS ION – Cybersecurity Virtual Internship
- Covered fundamentals of ethical hacking, vulnerability scanning, and security best practices
- AWS Cloud Virtual Internship (Forage)
- Learned IAM, cloud threats, and security basics
- Cybersecurity Essentials – Cisco Networking Academy
- Studied network security, threat protection, and basic security controls

EDUCATION

Andhra University | 2025–2028

Master of Science in Computer Engineering

VIET College | 2021–2025

Bachelor of Science in Computer Engineering

CERTIFICATES

Cybersecurity Essentials – Cisco Networking Academy

AWS Cloud Virtual Internship (Forage)

TCS ION Career Edge – Cybersecurity Virtual Internship

SKILLS

- Languages: Python, C, HTML, CSS, JavaScript
- Tools: Kali Linux, Nmap, Burp Suite, Wireshark, Scapy, Metasploit
- Platforms: TryHackMe, Hack The Box, GitHub
